Detailed Project Description and Justification:

The Senior Citizens of Kodiak, Inc., prepares daily meals for the seniors of Kodiak. The hood system in the kitchen is the original one from 1985 and needs to be replaced. There is a price quote from Taylor Fire Protection Services for this replacement of \$5550.00 (see attached). The other equipment needed is a new refrigerator for the kitchen. Since the senior center has added a daily salad and soup bar, another refrigerator is needed to keep produce fresh. The price quote for the refrigerator, including shipping and installation, is \$2995 (see attached).

Project Timeline:

Purchase and installation will occur as soon as funds are available.

Senator Stevens & Representative LeDoux:

Since the Senior Citizens of Kodiak, Inc. Board of Directors met with you in December, 2007, we have come up with two items which need to be replaced and put on a capital budget list for Kodiak.

The hood system in the kitchen is the original one from 1985 and needs to be replaced. We have a price quote from Taylor Fire Protection Services for this replacement at \$5550. I have attached the description and price quote from Taylor Fire Protection Services to this letter.

The other equipment we are in need of is a new refrigerator in the kitchen. Since the center has added the daily salad and soup bar we are in need of another refrigerator to keep our produce fresh. The description and price quote for this refrigerator is \$2995 FOB to Kodiak and installed. I have also attached this price quote to this letter.

We would appreciate your consideration of these two pieces of equipment to be included in the FY2009 capital budget. Our agency has been very successful in writing and being awarded deferred maintenance grants from the Department of Health & Social Services. That state agency will not have deferred maintenance grants available this year.

Sincerely,

Emil Norton, President
